

A-No. 215698

Date: August 10, 2020

TEST CERTIFICATE

Client Name: **Epple Druckfarben AG**
Gutenbergstr. 5
86356 Neusäß

Product Name: **Article-No.: 2400**
FINISHFIT MICROBE PROTECT

Test Item: **Antimicrobial activity**

Sample received on: **January 20, 2020**

INTRODUCTION:

RAS AG has more than 15 years of experience in testing the antimicrobial activity of surfaces based on international standard procedures.

DETAILS:

1. Based on test report: **200129_epp_b** Date last test: **31.01.2020**

2. Test Method: **ISO 22196:2011 / JIS Z 2801:2000**

| Tested strains: | % Reduction | R-Value |
|------------------------------|-------------|---------|
| Staphylococcus aureus (MRSA) | 99,65% | 2,50 |

3. Conclusion:

The log Value (= R-Value) of antimicrobial activity against test strains has to be ≥ 2 .

This corresponds to a reduction of $> 99\%$

Pass: **Article-No.: 2400 FINISHFIT MICROBE PROTECT**

4. Sample Description:

Article-No.: **2400 FINISHFIT MICROBE PROTECT**

containing nano silver according to agpure® product quality description.
